Simla, the 9th June 1911.

SIR,

I AM directed to refer to Rules 8 (1) (*a*) and 31 of the Rules framed under the Arms Act and published with the Home Department Notification no. 3102, dated the 16th August 1909.

2. It has been brought to the notice of the Government of India that the practice of describing the calibre of rifles by two figures is liable to lead to misapprehension as to the bore of the weapon which the figures describe. I am therefore to explain that in the case of rifles described as ·450/400, ·577/450, ·500/450, the former of the two figures represents the size of the chamber, and the latter figure the size of the bore. Consequently, while a rifle described as ·450/400 is not of prohibited bore, weapons described as ·577/450 or ·500/450 and ammunition to fit them are subject to the restrictions imposed by the rules referred to,

I have the honour to be,

SIR,

Your most obedient servant,

V. DAWSON,
Under Secretary to the Government of India.
